RE: AEP – Distribution Cost Recovery Factor ("DCRF") filing

# <u>CONFIDENTIAL/ATTORNEY-CLIENT COMMUNICATION</u> <u>CITY ACTION REQUIRED NO LATER THAN JUNE 5</u>

On April 6, 2022, AEP Texas Inc. ("AEP") filed an Application to Amend its Distribution Cost Recovery Factor. In the filing, the Company is seeking an increase in distribution revenues of approximately \$27.56 million. This equals an approximately \$1.28 increase to the average residential customer's bill from the rates approved in the Company's most recent DCRF case.

Cities have engaged the services of a consultant, Mr. Karl Nalepa, to review the Company's filing. Mr. Nalepa will review the filing and identify adjustments that should be made to the Company's request. We are recommending that Cities deny the requested relief.

The Public Utility Commission's rules allow cities 60 days to act on this application. That deadline is June 5, 2022. Accordingly, we request that each city schedule the draft resolution included with this memorandum for consideration at their next council meeting.

If you have any concerns or question please do not hesitate to contact us. We appreciate your continued support.

# MODEL STAFF REPORT REGARDING AEP TEXAS'S DISTRIBUTION COST RECOVERY FACTOR FILING

\*\*\*

On April 6, 2022, AEP Texas Inc. ("AEP" or "Company") filed an Application to Amend its Distribution Cost Recovery Factor ("DCRF") to increase distribution rates within each of the cities in their service area. In the filing, the Company asserts that it is seeking an increase in distribution revenues of approximately \$27.56 million (an approximately \$1.28 increase to the average residential customer's bill from the rates approved in the Company's most recent DCRF case).

The resolution authorizes the City to join with the Cities Served by AEP ("Cities") to evaluate the filing, determine whether the filing complies with law, and if lawful, to determine what further strategy, including settlement, to pursue.

## **Purpose of the Resolution:**

The purpose of the Resolution is to deny the DCRF application proposed by AEP.

# **Explanation of "Be It Resolved" Paragraphs:**

1. This section authorizes the City to participate with Cities as a party in the Company's DCRF filing, PUC Docket No. 53451.

2. This section authorizes the hiring of Lloyd Gosselink and consultants to review the filing, negotiate with the Company, and make recommendations to the City regarding reasonable rates. Additionally, it authorizes Cities to direct any necessary administrative proceedings or court litigation associated with an appeal of this application filed with the PUC.

3. This paragraph finds that the Company's application is unreasonable and should be denied.

4. This section states that the Company's current rates shall not be changed.

5. The Company will reimburse Cities for their reasonable rate case expenses. Legal counsel and consultants approved by Cities will submit monthly invoices that will be forwarded to AEP for reimbursement.

6. This section recites that the Resolution was passed at a meeting that was open to the public and that the consideration of the Resolution was properly noticed.

7. This section provides that AEP and counsel for Cities will be notified of the City's action by sending a copy of the approved and signed Resolution to counsel.

A.) Discussion and Possible Action to award contract to Energy Consultant.

#### **BACKGROUND INFORMATION:**

City directed City Manager on November 2021 to go out for RFQ for Energy Consultants.

Three bidders responded (Valiant Energy Sources, Harris Energy Solutions and Marco A. Arredondo, Inc.)

The City of Mercedes secures its energy rate via TCAP, during the winter storm the City was billed an approximately an extra \$179,000. An energy consultant will need to be contracted to research and monitor the energy rate market to secure a fixed rate for the City of Mercedes thus avoid being faced with charges tied to a variable market rate.

ITEM: IT Support Service Hours

# **BACKGROUND INFORMATION:**

On behalf of the IT Department, I am submitting a quote for 40 hours of tech support from Insight Public Sector, Inc.

The company provides a tech specialist to work on any IT area that requires services.

The request is made because only 11 out of the 40 hours initially allocated remain for use. Here is a breakdown of the hours that have been used so far during this fiscal year:

- Internet outage at Fire Station (emergency), 5 hours. The technician assisted to recover the service critical for the Fire Department for patient allocation and other emergency response tasks
- Transition from Spectrum to SmartCom, 24 hours. The company help the City to prepare the transition of internet services from Spectrum to SmartCom, including the configuration of firewalls and IP addresses critical for the City's cybersecurity.
- These services included remote sessions

IT Department provides general support for the everyday operations and general software and hardware malfunctions but currently relies on the contractor for assistance on network, storage data bases, servers, firewall, and any other emergency work that might come up.

As we are close to Hurricane Season and server protection, data base security and network functionality is imperative to continue delivering services to the public, and visits for service can be as short as two hours but as long as 8. It is recommended that we increase the number of hours available for service.

If this request if approved, we will receive another block of 40 hours from the company, that will help us with support for any problem that might arise during this Fiscal Year. This service does not include any subscription licenses or software, and we only pay for the hours that we use, if by the end of the Fiscal Year the extent of the 40 hours is not used, the City will only pay for the unused hours.

The total cost for the allocation of the hours is \$6,600.00 with the payment flexibility to cover the amount until the 40-hour block has been reached.

IT recommendation is to approve the hours. As always, your opinion is highly appreciated.

Attached is the cost absorbed by the City for FY 21-22 for your review.

Total of \$6,600.00.
